My Birthday

Hi my name is Marcella and today's my birthday. I was hoping I was going to get that new bike I wanted, but instead I got an orange bike with a Winnie the Pooh bag on the front. It also only had 3 gears on the left handle bar and 7 on the right. The bike I wanted had 27 gears total, mine only has 10 gears total. I guess it's OK, I shouldn't throw a fit. Besides my dad spent like 200 dollars on this bike. I should be happy. I'm just afraid that everyone in school will laugh at me when I ride my bike there. My bike even came with a pink helmet with a little girl on both sides. Not only is it pink, but it has flowers all over it. It stinks, but I guess I can handle it. What makes me really mad was that it also came with knee pads and elbow pads. Hesse I'm 10 years old, I don't need knee pads and elbow pads! I guess I'm ok even though I have to ride to school tomorrow. I'll be ok.

When You Go Back In Time

Hi my name is Marcella and today's my first day of school. I was hoping that I would get sick before I go to school, but I didn't. When I went outside to ride my bike to school, my mom came out and said,

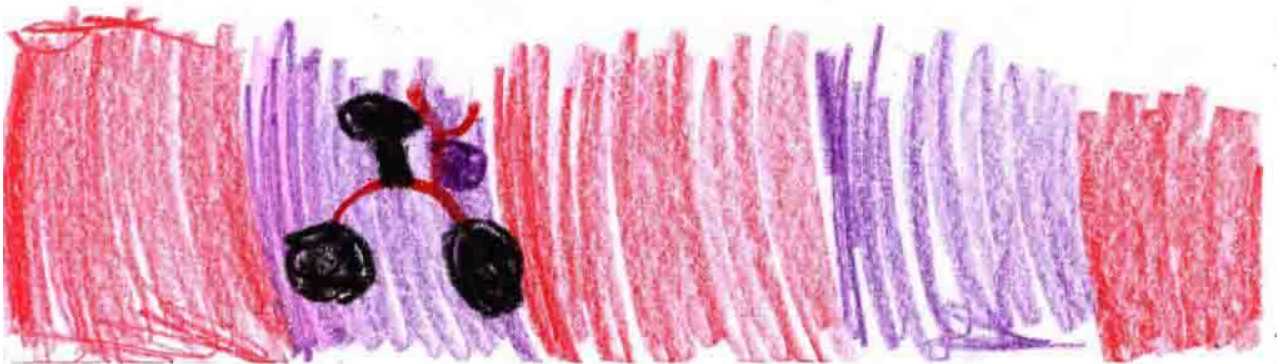

"Marcella come back inside and put your helmet and pads on!" "Ok mom", I said. Then I went back inside, put my helmet and pads on, and then got on my bike. I started to ride, but when I got to the end of the block I was back at my house. My helmet was gone so was my pads. Then my mom came out the door and said

"Marcella come back inside and put your helmet and pads on!" I thought to myself didn't my mom already say that? Did I go back in time? If I can to the past maybe I can go to the future.

My First or Last Day of School

Hi my name is Marcella and I am about to go the opposite way around my neighborhood. I started to ride and I was to the front of the block, when I was in this big portal moving. Then there were two paths. I wondered which path I should take. I thought for awhile. Then I had a feeling to go left. I went left, then I stopped. I thought to myself what's going on. I started pushing my pedals. Then one of them fell off. I pushed again then the other one fell off. I started to move the handle bars left to right. Then the handle bars fell off too. I was afraid, Really afraid. I started to cry. I was wondering if I was ever going to see my family again, Michaela, Dad, and my mom. I also thought if I was ever going to see my dogs again, Bella, Jenna, Bailey, and Bear. I was scared.

My Never Ending Path Home

Hi my name is Marcella and right now I'm stuck in the middle of time. I was crying because I was afraid that I wasn't going to see my family or dogs again. I started to calm down. I took off my backpack and looked at my clock. It wasn't moving. I started to cry again not because I was never going to see my family again, but because I was hungry and thirsty. I thought I was going to die, but I had an idea. Maybe I can try to turn around and go through the right portal. No that won't work, my peddles and handle bars fell off. Maybe a I can jump off the bike and it will take me home. It's a risky plan, but it might work. I started to get off the bike and then I fell. I started to scream but no one could hear me. Then I hit something.

When I Woke Up

Hi my name is Marcella and I had just hit something when I was falling. I opened my eyes and I was in my room. I ran into the living room and looked at the calendar. It was October 17, the day before my birthday. I looked out the window. It was dark. I looked at the clock. It was 10 minutes till 12:00 o'clock so I decided to go back to bed. As soon as I knew it, it was my birthday; I got dressed then went to the living room. My mom was there, my dad was there, so was my sister. There was also a big present. My mom told me to open it, so I did. It was an orange bike with a Winnie the Pooh bear bag. I stared at it. Then I thought to myself here we go again because the time bike was here.
