Once upon time there was a little girl named Kelly. One day her grandparents called Kelly on the phone and said, “what are you doing on spring break?” Kelly said, “I don’t know.” Then her grandparents said, “would you like to go to Florida?” Kelly said, “yes I would love to go to Florida!” A few weeks later Kelly and her grandmother went shopping. They went shopping for clothes.

A few days later Kelly and her mom spent the night at Kelly's grandma's house. Kelly's mom was not going to Florida. The next morning Kelly, her grandma, and her grandpa went to the airport and flew to Florida.

While they were there, they went to Disney World and the beach. On the last day they were in Florida Kelly and her grandparents went on a boat and saw dolphins jumping out of the water and a sea turtle. Kelly loves sea turtles, so she jumped in the water and caught a sea turtle! The next morning Kelly and her grandparents packed up their things and went back to the airport. But Kelly still had her sea turtle.

On the plane Kelly said to her grandparents, “don’t tell my mom about the sea turtle.” Kelly's grandma said, “I won’t tell.” That afternoon Kelly and her grandparents went home to Kelly’s house and Kelly ran to the basement. In the basement there is a bath tub. Kelly filled it up with water and put her sea turtle in it.

The next day was Saturday. Kelly's mom said to Kelly, "can you get the big soup pot? I'm making my beef soup." Kelly said, "I'm doing my homework." But Kelly had forgot about her sea turtle! So Kelly's mom went into the basement and saw the sea turtle. She screamed and said Kelly, "I need to talk to you!"

So Kelly went into the basement and Kelly and her mom talked about the sea turtle. Kelly's mom said, "sea turtles need lots of room and this tiny bath tub isn't a lot of room." The next day Kelly and her mom drove to the lake and let the sea turtle go. Kelly's mom said, "in the summer you can see him."
