

When

Spring

comes...

by

Kaylee

When spring comes the flowers come out. The sun shines bright when the bird's sing and the sky is blue.

All the kids come out and play.
All the animals come out and
play. It's a good day to play today.

Wow, let's go to the beach. Bring the umbrella, sun screen, towel, and some beach toys. We can build sand castles together.

Now it's time to go home. It's the end of the day, say good night to mom and dad because tomorrow's a new day.
