I think Fruita is a great place. Come with me and we'll go exploring. Hurry up, we have so much to see and so little time. OK, you are ready. Here we go!

I have lived in Fruita all my life. If you are new here I guarantee you will love it here. The only draw back is how hot it gets to be in the summer. That's ok now, we have a new pool.

Our first stop is City Hall. Years ago it used to be a middle school and a library. Now it is just offices. The library moved so they're deciding what to do. An idea they have is to turn it into a court.

There is a preschool in Fruita. I used to go there! It is a great school. It's also a church. My family went there for Christmas services. The church lets the kids go up there.

Now we're at the Chamber of Congress. I bet you didn't know this, that place used to be the library! Now it is the Chamber of Congress. My dad told me it used to be a library.

Let's take a break. Come to my home and get some refreshments. Oh, this is Lauren. She goes to Little Sprout. Hurry up, we have one more place to see!

I've saved the best for last. We are at the new rec center. It is super busy. What do you want to do first? Shoot some hoops, go swimming, or go to the library? Meet me here.

Thank

you

Thanks for coming, Bye!
