# Galien

One night while I was peacefully laying in bed, I heard a bizarre noise. It sounded like “jklukbzbuy”. I’ve seen movies about aliens and that’s what I heard. It sounded like the alien had a ghost partner.

I slowly got up to investigate. Then I realized that it was half ghosts/ half alien—galien!!!!!! I felt dizzy, so I decided to go back to bed. The galien didn’t scare me so bad. So it was easy to fall asleep.

The next day was Saturday. When I woke up I heard the same noise, “jklukbzduy” I couldn’t see the galien. I guess it is invisible in the day.

I decided to go to my friend’s house. There we played the Wii. If you enter a certain disc, it opens a time door. The door is a road to a different dimension. My friend and I entered the time door. I started as an assassin. My friend started as a ninja. We helped each other on the long journey.

We made it to the final challenge. The challenger was none other than the galien!!!!!!! Dun, dun, dun! This time I could see him. He was a mountain next to an ant hill. I’m not sure how he grew so enormous in so little time. My heart was pop rocks exploding in a coke.

The battle began. My friend and I against the oversized galien! We used various weapons and it became very intense. The battle was like a firework show on the Fourth of July.

Even though we were tiny compared to the monster galien, we were doing well. Then the galien became more powerful. He hit my friend so hard that he flew into the sky. He was like a shooting star on a dark night.

I was the only one left to fight the galien. The galien chased me to the edge of the rocky cliff. The rocks crumbled beneath my feet and I slid down the cliff. When I hit the ground I was knocked unconscious.

When I woke up I was cozy in my own bed in my own room in my own house. I looked around and couldn't see the cliff, my friend or the galien. What was happening? All of a sudden I heard the same noise, "bjklukbzbuy".

I got out of bed and started to look for the noise. First, I checked the window. But nothing was there. I realized it was coming from the hallway. Was the galien waiting for me to finish the battle?

I grabbed a Nerf gun ready for battle. I was shivering from nerves as I approached the hallway. I shot a warning shot at the sound without aiming. Then I came face to face with the eerie noise!

It wasn't a galien. It was THE WASHING MACHINE!!! It had all been a dream. No galien, no battle, no cliff. Just a washing machine and my wild imagination.
