## When the Evil Animal Came to Town

By Emily

It was a normal day. Mrs. Bechtel's class was going out for recess. They were having a good time. All of a sudden, a mean looking bull dog named Curser came out of the fence. He broke into the playground!

Emily and her friends knew what to do. Emily made Curser run to her. She dodged him and he ran into a tree trunk.

Angelique said, "Ha Ha! Curser come and get me!"

Good thing Alana was behind her with a big stick ready to hit him. Whack! Curser fell down. Makenzy saw the commotion and she knew it was her time to shine. She grabbed a net, ran at Curser, and caught him! They called the dog catcher, and he took Curser away.

To celebrate the whole school had extra recess! (This time with no distractions.)

The End! Or is it?
