

The Leprechaun

By Brayden S

A leprechaun was going in Shelledy Elementary. The leprechaun went to every classroom. When I went in my classroom it was a BIG BIG disaster.

The leprechaun put his feet in paint. Then he ran on the tables and made footprints. The leprechaun came three times.

We are going to make some traps to catch the leprechaun. I will get a box, a rope, a piece of chocolate, and some twigs.

At my house the leprechaun left me a note that said no one will catch me. No one in 1st grade has every caught a leprechaun. I think Mrs. Culver's class can catch a leprechaun. We will have to see if my class can catch him on Saint Patrick's Day.
