

How Stars Are Bright

By Kira K

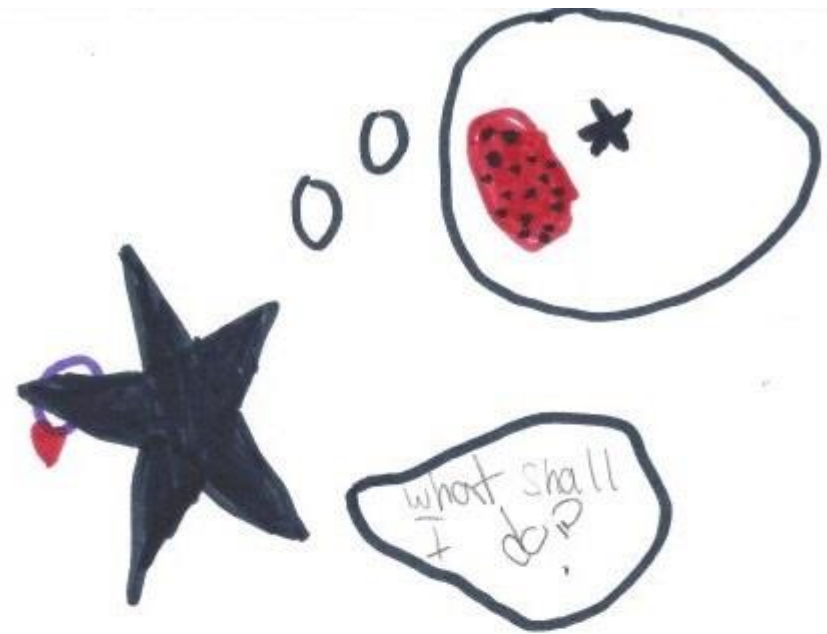

When stars were just made, they were not bright or big but the sun was bright. There was a star named Starly. She loved traveling everywhere and she wanted to live on a planet. That was her dream!! She actually dreamed about it when she was asleep. That was actually all she dreamed, she dreamed about nothing else!!

“What shall I do today?” said Starly.

“How should I know what you should do today?” said Starly’s friend named Damien.

Damien was also a star.

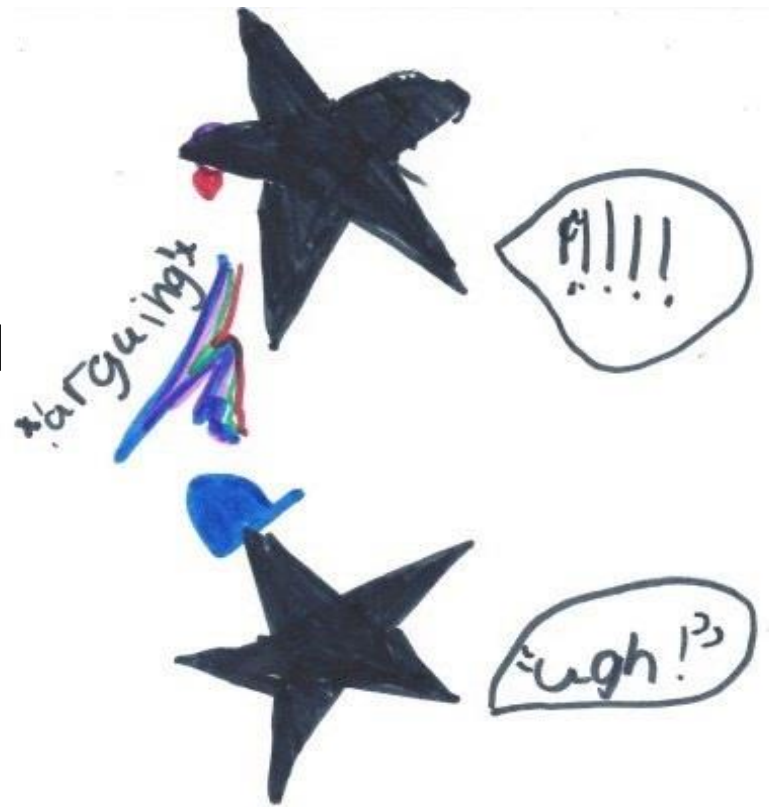

“Well I’m talking to myself not you,” said Starly.

“Well I didn’t know gosh!!” said Damien.

“I didn’t yell at you. So why did you yell at me?” said Starly.

“Ok I won’t yell at you as long as you don’t talk to me!!” said Damien.

“Fine, by the way I think I’m going to travel somewhere off in the distance to a planet and ask them if I can live on it!!” said Starly.

But Starly didn't even know where the planets were!! So she went home sad and alone because her family was at their job. Her family was old enough, but she was not old enough. You have to be 13, but she was only 9 years old. She got bored at her house, so she went to explore again!!

Starly saw the school and there was a playground by it. She went to test the stuff out. There was a swing, slide, teeter totter, and basketball hoop.

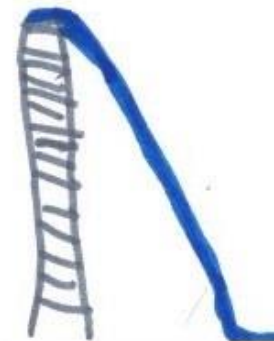

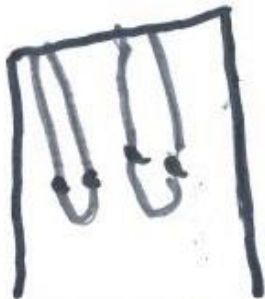

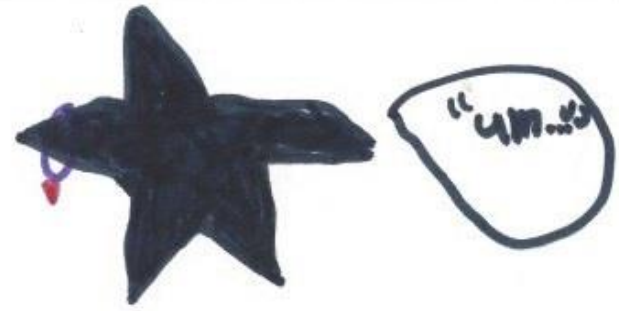

But then a man came and asked, "What do you think you're doing!!?!"

"I'm trying these out," said Starly.

"I meant who are you?" asked the man.

"I'm new here. My name is Starly. Who are you?"

"I'M THE PRINCIPAL!!" yelled the man. "You're in BIG trouble for not knowing who I am!!!"

So Starly went somewhere else. But as Starly was floating somewhere else, she fell asleep. She forgot that after being with her friend, she had to stay home. Her family was at home scared because they didn't know where she was. After a little bit Starly bumped in to something and woke up. It looked strange and she ran away from it. Then she bumped into another thing.

“HELP!!” Yelled Starly then she ran into an other one

“Hey what’s your problem!” one said.

“You can talk?” asked Starly.

“Well as you can see yes I can!!” It said again

“What are you?” asked Starly

“Well I’m a planet of course. My name is Jupiter”

“YES!! Can I live on you PLEASE!?!”

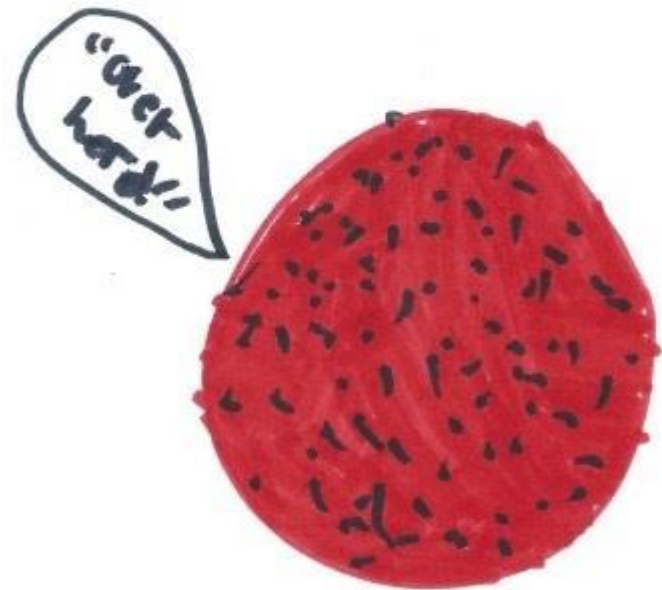

“NO WAY!!
Go ask someone
else!!” said Jupiter

“Ok sorry,”
Starly said sadly.

“Hey over
here!!” said one of
the planets. “My
name is Mars.”

“Hi ,can I live
on you PLEASE?!!”

“NO!!” said
Mars.

“Why not!!”
said Starly

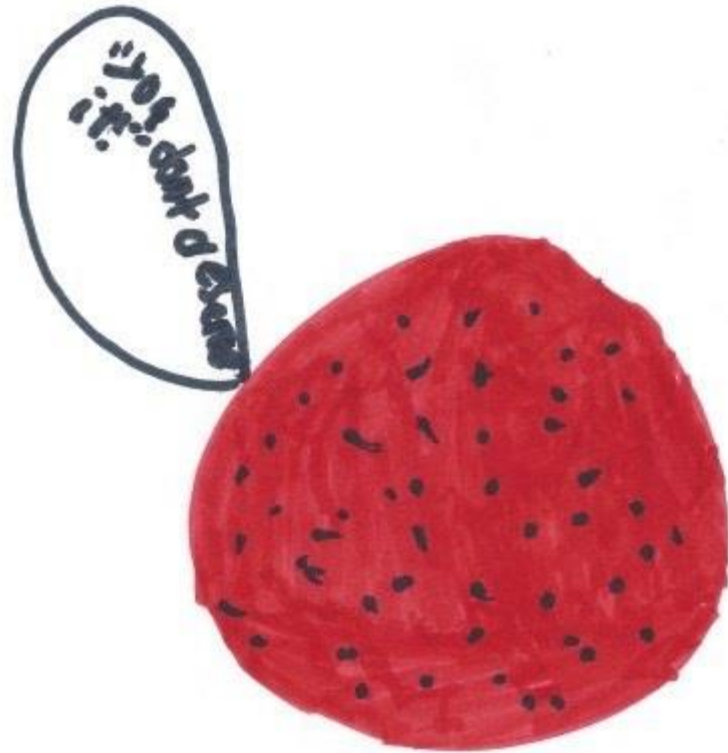

“YOU DON’T
DESERVE IT!! yelled
Mars

“Ok then I’ll
find a different planet
too live on!”

So Starly ran
until she found a
different one. After a
while, she found a
different planet.

“Hello my
name is Starly”

“What do you
want? My name is
Earth,” it said.

“I want to live on you,” said Starly.
“PLEASE?”

“NO!” I already have awesome people on me!” said Earth

“People? Never mind well bye.”

So Starly went until she found another one. “Hello, I’m Starly.”

“Well hello I’m **Saturn** what do you need... hello?... Hello?”

Starly tried to talk to Saturn but Saturn couldn’t hear very well. Her rings got in the way.

The planets made Starly so upset that they destroyed her dreams. A ball of anger formed in her stomach and grew larger and larger. Until finally it got so big that it exploded inside of her. She became incredibly big and bright.

Starly yelled, "Fine, if you guys boss me around and are so mean, then I will boss you around."

The planets were scared of what she became and said, "Please don't hurt us."

From then on Starly bossed around all the planets to circle around her. Starly's name became the sun.

The End
